Payments Services and Insurance If we are a member of your insurance plan, we will submit a claim on your behalf with payment due according to the appropriate provider contract. A current insurance card must be presented prior to services being rendered if you wish to have your insurance billed. Any office visit or surgical copay is due at time of service. Please be aware that the filing of insurance claims does not guarantee payment by your carrier. Frequently, proof of eligibility, covered and non covered services and various exclusions cannot be determined until your carrier processes the claim. Therefore, we do submit insurance claims with the understanding that you are responsible for any non-covered services as well as co-payments and deductibles. All cosmetic procedures are not covered by insurance plans. Please be prepared to pay at the time of service for any cosmetic procedure. Our Skin Care Clinic will never bill insurance for any procedure or product. **Medical Records and Release Forms** We are pleased to comply with all requests to release copies of your medical records.
